

MEDICOM

NURSE CALL SYSTEM

Medicom is a reliable and cost effective Nurse Call Solution for those who like to keep things simple.

- Minimal maintenance
- Easy to configure, manage and use
- Flexible and scalable design
- Wireless phone and pager integration

Flexible and Scalable

The Medicom nurse call system uses state-of-the-art technology that allow systems to be tailored to suit the individual needs of even the largest hospital, providing 24 hours, 365 days a year reliability. Medicom is highly configurable, and features a comprehensive range of call types, priority levels, alarm handling and call indication options that can be tailored to meet the needs of any healthcare facility.

Wireless Integrations

Wireless telephone and pager integrations allow nurses total mobility and instant communication with patients or other staff.

System Integrations

Medicom integrates with existing nurse call, paging, telephone, fire alarm and smoke detection systems.

Built-In Fault Detection

Medicom continuously checks the status of each component and notifies maintenance staff if any problem is detected.

Audit Trail and Reporting

Stations may be networked for centralized paging, alarm logging, and reporting of events, providing a complete audit trail.

Improved Infection Control

Medicom devices are manufactured with anti-bacterial additives, helping drive down Hospital Acquired Infections (HAI).

Simplicity

Medicom is easy to learn, configure and manage. Medicom allows healthcare personnel to focus on patient care.

Flexible and Scalable

Medicom is specifically designed to provide a total and reliable 24 hour a day, seven days a week nurse call system for use in hospitals, and other similar acute-care facilities.

Medicom enables caregivers to provide prompt and effective responses to patients' calls at all times. Embracing solid state electronic technology and software. Medicom incorporates a comprehensive and flexible range of call types, priority levels, alarm handling and call indication options configurable to best suit the operational needs of any hospital.

Medicom Complies with International Standards

Medicom has a field-proven track record of reliability and meets the following international standards:

- UL 1069: 7th edition 2007
- 47 CFR, Part 15 Subpart B Class A
- CAN/CSA 22.2 No. 205
- HTM 08-03: Bedhead services
- EN 61000-6-1:2001
- CISPR 22:2009
- AS 4607-1999 Personal Response Systems

MEDICOM
